With 10 years of freelancing experience, I specialize in virtual assistance, graphic design, front-end development, and data entry. I am dedicated to meeting deadlines, delivering high-quality work, and always eager to learn new skills to enhance my performance, my main goal is to provide exceptional service on every project, ensuring client satisfaction and excellence in execution

PROFESSIONAL EXPERIENCE

Unbabel

Translator

Venezuela/Remote

Agosto 2015–Septiembre 2015

- Translated extensive texts from Spanish to English and viceversa, ensuring accuracy and maintaining the original meaning and tone.
- Improved language proficiency through continuous practice and immersion, leading to better translation quality.
- Expanded vocabulary and learned new English expressions, contributing to more nuanced and effective translations.

Personal VA

Virtual Assistant

Venezuela/Remote

September 2019–March 2024

- Created and maintained daily spreadsheets to track project progress and data metrics.
- Designed a variety of visual content, including banners, images, posts, and flyers, for marketing and communication purposes.
- Learned to run Google Ad Campaigns, enhancing online marketing efforts and improving ad performance.
- Designed websites using HTML, CSS, and JavaScript, ensuring responsive and user-friendly interfaces.
- Created WordPress posts for a news portal, managing content updates and optimizing for SEO.
- Researched and gathered information necessary for various projects, supporting informed decision-making.
- Improved technical and computer skills, understanding the importance of responsibility, attention to detail, quick learning, and effective communication.

Freelancer

Graphic Designer

Venezuela/Remote

March 2024–April 2024

- Designed the logo for a transportation company, establishing a strong brand identity.
- Pueden ser frases más cortas pero úsalas sabiamente
